"This website provides parents and others with tools and information to reduce teen drinking and related harm."

We Don't Serve Teens - www.dontserveteens.gov

Did you know?

In 2005, **more than 25 percent** of high school seniors did not use alcohol.

Today is September 05, 2007

We Don't Serve Teens Week starts September 10

The FTC has designated September 10-15, 2007 as National We Don't Serve Teens Week. Don't Serve Alcohol to Teens. It's unsafe. It's illegal. It's Irresponsible.

During **We Don't Serve Teens Week**, public and private entities from across the country, including many state Attorneys General, will spread the word that serving alcohol to teens is unsafe, illegal, and irresponsible.

Most teens who drink get alcohol from "social sources" - at parties, from older friends, from their parents' cabinet. Teen drinking is linked to injury and risky behavior. We can reduce teen drinking by stopping teens' easy access to alcohol. Help us achieve this goal. Post this message on your website, and use the [campaign materials](#) available here to get the word out:

Don't serve alcohol to teens.

It's unsafe. It's illegal. It's irresponsible.
